Address of Medical Officer of Health :- Health Department,
Albert Street,
Bridgwater,
Somerset.

Telephone number of Medical Officer of Health :- Office - Bridgwater 2689
Residence - Bridgwater 3028

Albert Street,

Bridgwater.

March, 1960.

To the Chairman and Members of the
Bridgwater Port Health Authority.

Ladies and Gentlemen,

I have the honour to submit my report for the year
ended 31st December, 1959.

The health of the Port has been satisfactory
throughout the year.

Treatment of venereal diseases is obtainable at the
Clinic in Bridgwater, and details of these arrangements and
also the facilities available at all Bristol Channel ports,
are displayed in prominent positions throughout the area of
the Port.

The Port Health Inspector's Report is appended,
together with statistics of the shipping using the Port.

R.H. WATSON,

Medical Officer of Health.

Town Hall,
Bridgwater,
March, 1960.

To the Chairman and Members of the
Bridgwater Port Health Authority.

Ladies and Gentlemen,

I beg to submit my report for the year ended
31st December, 1959.

The number of coastwise ships using the Port during
the year has decreased by 23, but the total tonnage has
increased by 8,000 tons.

There have been more than double the number of foreign
ships visiting the Port as compared with the previous year.

The inspections carried out have not revealed any
serious defects, whilst no rats were found on any vessel.

R.K. LEAN,

Port Health Inspector.

Inland barge traffic

There is no inland barge traffic.

SECTION V

Water Supply

- (1) Source of supply for the district and shipping is the Bridgwater Corporation supply obtained from streams in the Quantock Hills.
- (2) Samples are taken monthly for bacteriological examination and all have given excellent results.
- (3) Hydrants and hosepipes are inspected.
- (4) There are no water boats in the Port.

SECTION VI

Public Health (Ships) Regulations, 1952

(1) List of Infected Areas

A weekly epidemiological record is received from the World Health Organization, and is available at the Health Department.

(2) & (3) Radio and Other Messages

Bridgwater is not a radio transmitting port, but messages can be received by radio telephone via the Ships Agents, Messrs. Hunt & Co..

(4) Mooring Stations

(a) The Maritime Declarations of Health are handed to the Captain on arrival, completed and returned to the Port Health Inspector.

(b) All vessels from foreign ports are boarded by the Port Health Inspector immediately on arrival.

(c) The Customs Officer notifies the Port Medical Officer, or Port Health Inspector of the times of arrival of all vessels from foreign ports.

(d) Mooring stations designated under Articles 22-30

(i) The Northside of the Bridgwater Dock.

(ii) The vessels will be breasted off the quay, with gangways off, at the place of mooring.

(e) Standard exemptions issued to :-

(i) Vessels unhealthy by reason of minor infectious diseases on board, e.g., measles, scarlet fever, diphtheria, tuberculosis and pneumonia.

- (ii) Vessels otherwise clean which have arrived from a listed port in an infectious area.
- (5) (a) Hospital accommodation for infectious diseases other than smallpox is as follows :-
- Cases of Plague, Cholera and Yellow Fever by arrangement with the South West Regional Hospital Board. Cases of other infectious diseases, Taunton Isolation Hospital.
- (b) Surveillance and following up of contacts carried out by the Port Medical Officer.
- (c) Cleansing and disinfection of ships, persons clothing and other articles carried out under the supervision of the Port Health Inspector.

SECTION VII

Smallpox

- (1) Cases of Smallpox are sent to Ham Green Isolation Hospital, Bristol.
- (2) The transport of such cases to hospital would be by an ambulance attached to the Hospital.
- (3) The Smallpox Consultant available is Dr. Macrae, Ham Green Isolation Hospital, Bristol.
- (4) Laboratory investigations on suspected cases of Smallpox are carried out by the Public Health Laboratory Service.

SECTION VIII

Venereal Diseases

Clinics are held each Thursday as follows:-

Males	5.00 - 6.00 p.m.
Females	4.30 - 5.00 p.m.

In-patient treatment is available at Ham Green Hospital, Bristol.

Particulars of treatment facilities in Bristol Channel Ports are displayed at all wharves and docks.

SECTION IX

Cases of notifiable and other infectious diseases on ships

TABLE D

There have been no cases of infectious disease dealt with during the year.

SECTION X

Observations on the occurrence of malaria in ships

No action.

SECTION XI

Measures taken against ships infected with or suspected for plague

No action.

SECTION XII

Measures against rodents in ships from foreign ports

- (1) Ships arriving from foreign ports are inspected for the presence of rats and Certificates examined.
- (2) No rats were sent for bacteriological or pathological examination.
- (3) Any ships found to be infested with rats would be treated by one of the Corporation Rodent Operators.
- (4) No rat proofing of ships carried out.

TABLE E

No rats were found in ships from foreign ports.

TABLE F

Deratting Certificates and Deratting Exemption Certificates are not issued. The Certificates are inspected when ships are boarded and if found to have expired, arrangements are made with the next Port to be visited by the ship for such Certificates to be renewed.

SECTION XIII

Inspection of ships for nuisances

TABLE G
